## 16 Days of Activism

25 Nov to 10 Dec 2024.

THE 16 Days of Activism against gender-based violence awareness campaign is underway.

It is an opportunity for every single Victorian to say: enough is enough.

Violence is preventable, and we have an opportunity to change the story.

To prevent gender-based violence and family violence, we need to address the harmful attitudes and behaviours that drive violence across our community.

This year, Council has partnered with Women's Health Loddon Mallee to share the message, ensuring it reaches more people and fosters understanding, connection, and collective action across Buloke. The campaign wraps up on 10 December 2024—follow Council's Facebook and X pages for more information about positive, respectful behaviors.
