## Buloke Beyond 2030

What do you think Buloke will look like beyond 2030? More importantly, what do you want it to look like?

Council is undertaking a large scale community engagement project to help shape its community vision, Buloke Beyond 2030.

Over the coming months, Council is developing its new Community Vision as well as a new four year Council Plan and a looking for your input to make both documents reflective of its community's goals and needs.

A great way to get involved now is to take the Buloke Beyond 2030 survey. The survey will capture your thoughts on Buloke in general as well as helping shape the vision under each of four key themes. Take the survey until 17 March 2021 at [www.oursay.org/buloke](http://www.oursay.org/buloke).

## Charlton Residents Talk Solar and Battery Storage

Thirty-six homeowners, farmers and local business people turned out in force on 24 February to 'talk solar and battery storage' at a Buloke Shire Council supported event hosted by the Mallee Sun Solar Bulk-Buy.

Held at the East Charlton Hotel, the event was opened by Cr David Vis of Buloke Shire Council.

Council is a partner of the Mallee Sun Solar Bulk-Buy program which is a project of the Central Victorian Greenhouse Alliance, a not-for-profit organization that works with 13 councils in central and northern Victoria to help encourage the adoption of renewable energy.

"Already 26% of homes in Buloke Shire have solar which is fantastic" said Jo Kaptein, bulk-buy organizer. "With so much sun in this region, it makes sense to harvest it to power your home or business. People tell us that they loved coming to the info meeting as it gives them the knowledge to be able to compare different offers from solar companies with more confidence. Around 15 people have already been in touch with us to request a quotation for their property, which is very encouraging."

"We are holding another information meeting in Wycheproof on 24 March from 6-7.30pm at the Wycheproof Supper Room at the Wycheproof Shire Hall. We hope that this will also prove popular with local people in the area."
