11. The original image must have been made by the exhibitor using a camera, or phone camera, or tablets

Hints and Tips

When deciding as to **which section** to best enter your print, it may help to ask yourself ~What is the **dominant** feature in the photo?

Does that feature fit with the title of the section?

When **mounting** your photo, best results are achieved with double-sided tape onto thicker paper or light cardboard. Pads of A5 artist paper are a quick easy shortcut, as already the right size. Mounts can be any colour, and layering of colours is accepted.

Note – Mount is not considered in the judging.
