Relevance to Council Plan 2021 - 2025

Strategic Objective: Our Council and Community Leadership

PURPOSE

The purpose of this report is to propose that Council adopt the Annual Budget 2024/25 in accordance with the *Local Government Act 2020*, the *Local Government Act 1989*, and the *Local Government (Planning and Reporting) Regulations 2014*.

SUMMARY

Council is presented with the 2024/25 Annual Budget for adoption.

The 2024/25 Annual Budget has been developed and is reflective of Council's priorities as outlined in Council's Long Term Community Vision and Council Plan 2021 – 2025.

The 2024/25 Annual Budget continues to deliver services and capital works to the community within the 2.75 per cent rate cap set by the State Government.

The 2024/25 Annual Budget proposes an operating surplus of \$2.033 million and an underlying deficit of \$5.419 million.

The adjusted underlying result is the surplus or deficit for the year adjusted for non-recurrent capital grants and capital contributions. Buloke is reliant on non-recurrent grants or capital contributions via Federal and State grants funding or community contributions towards the provision of capital projects. In 2024/25 those grants will total \$6.757 million and a further \$695,000 is budgeted as contributions to the capital works program. That external reliance is unlikely to change in future years unless there are significant other streams of revenue available.

Community engagement was undertaken on the draft 2024/25 Annual Budget which commenced on Tuesday, 21 May 2024 and concluded on Tuesday, 11 June 2024. Council considered community submissions at a meeting held on Wednesday, 19 June 2024.

In its preparation, presentation, and consideration of the 2024/25 Annual Budget, Council has complied with all the relevant requirements of the *Local Government Act 2020*, the *Local Government Act 1989*, and the *Local Government (Planning and Reporting) Regulations 2014*.

MOTION:

That Council, having complied with its obligations under the *Local Government Act 2020*:

Recommendations adopting the budget:

1. Adopts the Buloke Shire Council Annual Budget 2024/25;
2. Includes within the Annual Budget 2024/25 adjustments identified from the Draft Annual Budget to the Income Statement, Balance Sheet, Statement of Human Resources, and User Fees and Charges, as outlined in this Report;
3. Acknowledges the contributions made to the budget planning process by members of the

community and thanks them for their input;

4. Makes no change to the Annual Budget 2024/25 as a result of submissions;
5. Authorises the Director Corporate and Organisational Performance on behalf of Council to provide a formal response to community members who have provided a submission to the Draft Annual Budget in line with the contents of this Report;

Recommendations declaring rates and charges:

6. Declares an amount of \$15.37M which Council intends to raise by General Rates and Annual Service Charges for the period 1 July 2024 – 30 June 2025 calculated as follows:

- (a) General Rates (including estimated supplementary rates) \$12.87M;
- (b) Municipal Charges \$807,000; and
- (c) Annual Service Charges (Waste Management) \$1.48M;
- (d) With the above including:

i. The rate in the dollar for each type of rate to be levied for the period as follows:

Type of Rate	Cents in \$ on CIV
Rateable residential properties	0.50047900
Rateable commercial and industrial properties	0.57869380
Rateable farming properties	0.21281468

- ii. A Municipal Charge of \$180.75 for each rateable assessment in respect of which a Municipal Charge may be levied; and
- iii. An Annual Service Charge of \$422 for kerbside garbage and recycling collection for the period 1 July 2024 to 30 June 2025;

7. Levies the general rates and service charges referred to in this resolution by the service notice on each person liable to pay such rate or charge in accordance with section 158 of the *Local Government Act 1989*.

8. In accordance with section 167 of the *Local Government Act 1989*, the rates and charges declared by the Council for the 2024/25 financial year must be paid as follows:

(a) By four instalments made on or before the following dates:

- Instalment 1 – 30 September 2024;
- Instalment 2 – 30 November 2024;
- Instalment 3 – 28 February 2025; and
- Instalment 4 – 31 May 2025;

Or;

(b) By a lump sum payment made on or before 15 February 2025.

9. Authorises the Chief Executive Officer to levy and recover the general rates and annual service charges in accordance with the *Local Government Act 1989*; and
10. Determines that the proposed fees and charges for the 2024/25 financial year be adopted.

DISCUSSION

Council is required to prepare and adopt a Budget for each financial year, and the subsequent three financial years by 30 June of the preceding year.

At the Council Meeting held on 20 May 2024, the Draft Annual Budget 2024/25 was endorsed for the purposes of commencing community engagement. This community engagement process has now been completed, and submissions were formally received by Council at its Meeting held on 19 June 2024.

Each year between the time the Draft Annual Budget is advertised and when the document is adopted by Council, events occur which can cause some variation in the Annual Budget. The draft budget has been updated to account for any material changes to the date of this report and details of these changes have been included in the table below.

When Council considers its September quarterly financial report in October 2024, the end of the 2023/24 financial year will have been completed. At this time Council will incorporate any further variations to the 2024/25 budget that result from:

- Carryover of any uncompleted projects from the 2023/24 financial year; and
- Variations due to timing changes in the delivery of grant funds.

Once these amendments have been adopted by Council in October each year, the updated budget becomes the Council's Current Budget and is the document used for financial report comparison for the remainder of the year.

As a result of further analysis and review post-publication of the Draft Annual Budget 2024/25, the following adjustments have been made:

Income Statement		
Operating Surplus - Proposed Budget		2,543,000
Income/expenditure	Detail	
Grants - capital	Wycheproof Recreation reserve multi-sport facility not funded	(500,000)
Grants - capital	Birchip memorial redevelopment not funded	(30,000)
Materials and services	Xetta Subscription cancelled from 1 July	32,000
Grants - operating	Municipal Emergency Resourcing Program funding confirmed	60,000
Materials and services	Municipal Emergency Resourcing Program costs	(72,000)
Revised Operating Surplus in Budget for Adoption		2,033,000

Capital Works - Proposed Budget	20,389,000
Wycheproof Recreation reserve multi-sport facility not funded	(650,000)
Birchip memorial redevelopment not funded	(30,000)
Revised Capital Works Program in Budget for Adoption	19,709,000

Balance Sheet - Cash - Proposed Budget	25,694,000
Adjustments to operating and capital	170,000
Revised Balance Sheet - Cash - Budget for Adoption	25,864,000

Since the proposed budget, Council has also been advised of minor increases in the valuations attributable to commercial and industrial properties as per the table below:

Valuations 20 May 2024	Valuations 30 June 2024	Change
\$95,322,000	\$95,337,000	\$15,000

While the valuation changes are insignificant, they have required that the rate in the \$ for commercial and industrial properties be reduced to ensure that Council complies with the Essential Services Commission rate cap – even amounts of a few dollars in excess of the cap can mean that Council will be non-compliant and forced to change its rates. Accordingly, the rate in the dollar for commercial and industrial properties has been reduced as per the table below:

Rate in \$ of CIV draft budget	Rate in \$ of CIV final budget for adoption	Reduction
0.57877594 cents	0.57869380 cents	.000082140 cents

As an example of the minor impact of this change, a commercial property valued at \$500,000 will pay 41 cents less.

RELEVANT LAW

The Annual Budget has been prepared in accordance with relevant statutory requirements, including the *Local Government Act 2020* (the Act) and *Local Government (Planning and Reporting) Regulations 2014* (the Regulations).

RELATED COUNCIL DECISIONS

Council has completed its community engagement for the Draft 2024/25 Budget.

SUSTAINABILITY IMPLICATIONS

There are no direct sustainability implications associated with this report, however the Annual Budget does include planned resource allocations toward sustainability, social and environmental services and projects.

COMMUNITY ENGAGEMENT

The Draft 2024/25 Annual Budget was presented at the Council Meeting held Wednesday, 20 May 2024 and Council subsequently commenced community engagement in accordance with its Community Engagement policy.

Submissions on the draft budget closed Tuesday, 11 June 2024 and Council received four submissions including two prior to the formal advertised period. These were considered by Council at a meeting on 19 June 2024 and are summarised in the table below. No changes to the budget are proposed as a result of these submissions.

Budget submissions		
Submitter	Detail	Comment
Buloke Tourism Board	Funding for Buloke Mounted Machinery Museum Trail	Council contributes \$7,500 annually to Buloke Tourism Board. The additional financial contribution was unspecified, but an application could be made through Council's community grants program and no funding is included in the 2024/25 Budget for this project.
LEAD Loddon Murray	Funding for Loddon Murray Community Leadership Program	Council has funded this program previously but a contribution in 2024/25 is not proposed.
Rex Theatre Charlton	Funding for arts partnership activities	Council will engage with the The Rex as part of its creative/cultural strategy

		recognising the important role it plays in Buloke's cultural life. No contribution is proposed to be included in the 2024/25 Budget.
Charlton Hall Committee	Funding for hall storage	The hall is not a priority for Council capital works and no contribution is proposed.

INNOVATION AND CONTINUOUS IMPROVEMENT

The 2024/25 Annual Budget identifies how Council proposes to resource strategic objectives related to continued service improvement for efficient and flexible services.

COLLABORATION

Not applicable.

FINANCIAL VIABILITY

The Annual Budget is for the financial year 1 July 2024 to 30 June 2025 and contains financial statements including:

- Comprehensive Income Statement,
- Balance Sheet,
- Statement of Changes in Equity,
- Statement of Cash flows,
- Statement of Capital Works, and
- Statement of Human Resources.

These statements have been prepared for the year ending 30 June 2025 in accordance with the Act and Regulations. They are consistent with the annual financial statements prepared in accordance with the Australian Accounting Standards.

The Annual Budget also includes information about the rates and charges to be levied, the capital works program to be undertaken, the human resources required, and other information.

REGIONAL, STATE AND NATIONAL PLANS AND POLICIES

Consideration has been given to other regional, state, and national plans and policies as required throughout the preparation of this budget.

COUNCIL PLANS AND POLICIES

The Annual Budget provides resourcing to enable continued implementation of Council's current plans and strategies.

TRANSPARENCY OF COUNCIL DECISIONS

Council's engagement approach has provided for the receipt and consideration of submissions following the advertisement of the Draft Budget. Council Officers will respond to each person or group in relation to the matters raised in their submission.

CONFLICTS OF INTEREST

No officer involved in the preparation of this report had a conflict of interest.

Acknowledgement of Country

Buloke Shire Council acknowledges the Wotjobaluk, Jaadwa, Jadawadjali, Wergaia and Jupagalk Nations and the Dja Dja Wurrung people as the traditional owners of parts of the land now known as Buloke. We pay our respects to Elders past and present, and value their ongoing contribution to our heritage and our community.

Mayor and Chief Executive Officer's Introduction

Buloke Shire Council is pleased to present the Annual Budget 2024/25 which reveals an operating surplus of \$2.033 million and an underlying deficit of \$5.419 million.

The adjusted underlying result is the surplus or deficit for the year adjusted for non-recurrent capital grants and capital contributions. Buloke is reliant on non-recurrent grants or capital contributions via Federal and State grants funding or community contributions towards the provision of capital projects. In 2024/25 those grants will total \$6.757 million and a further \$695,000 is budgeted as contributions to our capital works program. That external reliance is unlikely to change in future years unless there are significant other streams of revenue available.

Our approach in preparing this budget encompasses our key documents, including the Long-Term Community Vision, Council Plan 2021-2025, Revenue and Rating Strategy, and 10-year Financial Plan.

Council and the community continue to recover from the impacts of the October 2022 flood event and storms in December 2023 and February 2024. These events have put an added strain on our resources as we respond effectively to the needs of our community while advocating for Federal and State Government funding.

At the same time Council continues to work with our communities to meet their ongoing needs in a challenging financial environment.

The 2024/25 financial year will be the first full year of operations after withdrawing from our Federal Government-funded role in providing home support services to the elderly and people with disabilities. We are pleased that those services continue to be provided by various health organisations across the shire in line with the Federal Government's Aged Care Reforms. Council remains committed to supporting our community through programs and services that enable positive ageing and independent living.

The 2024/25 budget is committed to build on our successes and continuing to invest in our community. We are conscious that our infrastructure should meet community needs and that we provide a high level of services across all areas to ensure that Buloke continues to be a great place to live and work.

In accordance with the State Government's Fair Go Rates system, Council plans to increase general rates by 2.75% whilst waste management charges will remain unchanged. This increase in an inflationary environment will put pressure on Council to ensure efficient delivery of services as well as ensuring the financial sustainability of our organisation.

As well as our many and varied services, Council plans several new initiatives aimed at enhancing the overall well-being of our community, improving our operations and infrastructure, and supporting our staff.

These include a Positive Ageing Review, an Economic Development Strategy, a Records Transformation project and Donald and Sea Lake Recreation Masterplan Reviews. These represent just part of our commitment to continuous improvement and development.

A new Long-Term Community Vision and Council Plan will also be developed after the election of new councillors in October 2024. The new Council will consult with the community on this document in accordance with its Community Engagement Policy.

We'll also be working with our community to develop resilience and preparedness plans for future emergency management, conducting road network surveillance, and focusing on flood recovery efforts.

We are pleased to collaborate with you to realise our vision of building a better Buloke - a community that is healthy, connected, inclusive, and prosperous.

Mayor, Cr Alan Getley

Chief Executive Officer, Wayne O'Toole

Budget Influences

Snapshot of Buloke Shire Council

The Buloke Shire is located in North-West Victoria and encompasses a total land area of 8,000 square kilometres. The Shire's main townships are Birchip, Charlton, Donald, Sea Lake and Wycheproof. The Shire also comprises the small townships of Berriwillock, Culgoa, Nandaly, Nullawil and Watchem.

Budget principles

Council has prepared a Budget for 2024/25 which is aligned with the Council's Financial Plan and Community and Council Planning process.

The Local Government Act 2020 has established Overarching Principles (s 101) that must be given effect through the performance of a Council's role. These principles require councils to:

- manage finances in accordance with financial policies and strategic plans
- monitor and manage financial risks prudently
- provide stability and predictability in the financial impact of decisions
- explain the financial operations and financial position by keeping appropriate records

Our commitment to the Buloke community is a robust and transparent financial planning process. In meeting this commitment Council continues to take steps to ensure planned long-term service and infrastructure levels and standards are met and aligned with the values of our community as established under the Council Plan 2021-2025.

The Budget projects a total operating surplus including capital grant funding. Expenditure relating to capital grant funding is reflected in the Capital Works Statement which fully utilises existing funds held as well as the surplus generated.

Key things we are funding

- a. Ongoing delivery of services to the Buloke Shire Community funded by a combined operating and capital expenditure of \$43.9 million (excluding depreciation). These services are summarised throughout the budget.
- b. Continued investment in our assets (total program \$19.7 million):
 - i. Roads and Bridges \$9,045,000
 - ii. Land and Buildings \$275,000
 - iii. Plant and Equipment \$1,857,000
 - iv. Recreation, leisure and community facilities \$1,684,000
 - v. Parks, open space and streetscapes \$5,769,000
 - vi. Other infrastructure (drainage, footpaths, other) \$1,078,000

The capital program includes several projects that are externally funding dependent, and these projects will not proceed unless the funding is secured.

The Rate Rise

- a. The average general rates will rise by 2.75% for 2024/25 in line with the Fair Go Rates System (FGRS). The rate cap is determined by the Minister for Local Government in December each year under the FGRS. Rates contribute to the delivery of works and community services to the Buloke Shire. Council implements the Revenue and Rating Strategy, and Rating Policy to provide equity in the rating properties across the Shire.
- b. Key Drivers:
 - i. To fund ongoing service delivery
 - ii. To allow Council to remain financially sustainable
 - iii. To cope with cost shifting from the State Government
- c. General Valuations dated 1 January 2024 are used in the calculation of rates charges.
- d. The waste service charge incorporating kerbside collection and recycling is at full cost recovery and will remain unchanged in 2024/25.

Land valuations for farm land increased by an average of 31% and for both residential and commercial and industrial properties, 6%. To smooth the impact of these disparate rises, Council has increased rates proportionally across each rate category, resulting in a reduction of the farm differential to 42.5%.

The Fees and Charges schedule has been incorporated into this document and an increase of 3.5% has mostly been applied. This increase is less than CPI for discretionary services while some fees and charges are set under Federal and State Legislation.

Fees for building services have been reviewed and substantially reduced across most categories.

External Influences

Natural disasters, in particular the October 2022 floods, continue to place a strain on Council and impact the service provision to the community. Council does not proactively budget for such events and associated costs. When a natural disaster occurs within a financial year and is listed as a declared event, Council is eligible for funding through the Disaster Recovery Funding Arrangement (DRFA) funding program. Council is waiting on approval for works packages in 2024/25 that will be fully funded but put pressure on Council to resource and deliver. That funding is expected to total \$35 million and will be finalised later in 2024.

The funding program does not cover all costs incurred by Council. If or when a natural disaster event occurs, the net cost incurred by Council is reported to Council and the community through the quarterly financial reporting process. The budget remains flexible to adjust for these impacts if or when they occur.

Continuation of the 'Fair Go Rates System' (rate capping) has placed pressure on long term financial plans of Council. Council's Financial Plan sets out further information on how Council plans to manage its expenditure in line with gazetted rate caps.

- Cost shifting continues to impact local government as funding via the Federal and State Governments either reduces or at best remains the same. The 'gap' between the true cost of providing Council services and the level of subsidy continues to grow.
- Setting of Statutory Fees such as Town Planning Fees by the Victorian State Government at levels which do not cover the cost of providing these services which Council is legislatively required to provide.
- The Fire Services Property Levy will continue to be collected by Council on behalf of the State Government with the introduction of the Fire Services Property Levy Act 2012.
- Surplus funds are invested in line with Council's Investment Policy. Interest income is based on predicted cashflows, cash balance, and investment returns. The official RBA Cash rate is now 4.35 per cent (March 2024) with expectations of further rate decreases.
- The minimum superannuation guarantee is legislated to increase from the current 11.0% to 11.5% on 1 July 2024.

Internal Influences

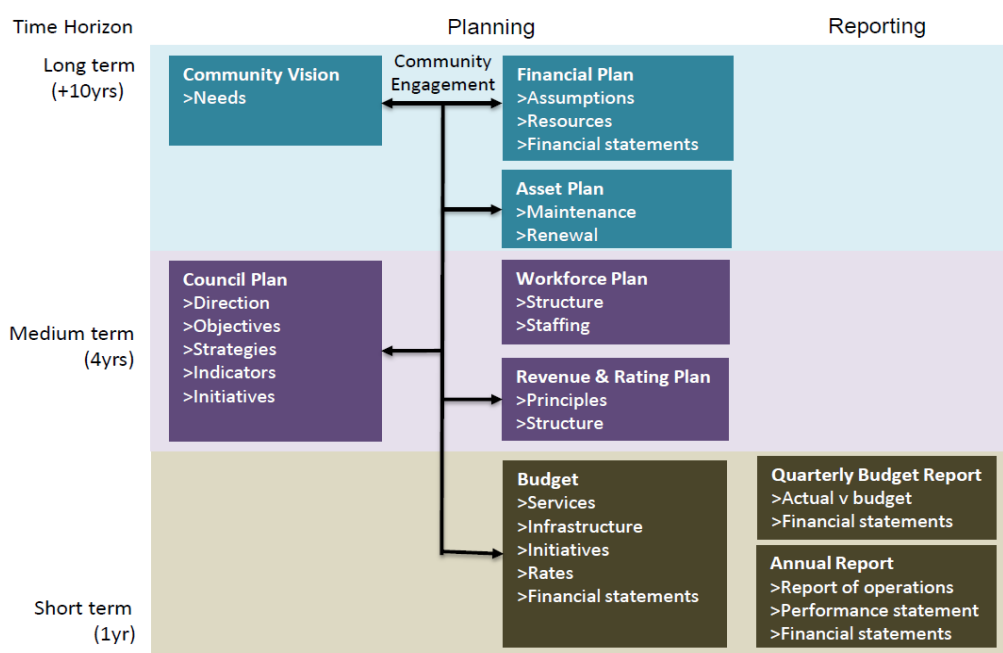

- Council has been reviewing all services in an effort to identify and implement efficiencies and reduce expenditure. The results of these reviews will continue to be incorporated into Council's Financial Plan.

1. Link to the Integrated Strategic Planning and Reporting Framework

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated strategic planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated strategic planning and reporting framework that applies to local government in Victoria. At each stage of the integrated strategic planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Mark Davies (Financial Professional Solutions)

The timing of each component of the integrated strategic planning and reporting framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services— such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

Community consultation needs to be in line with a council's adopted Community Engagement Policy and Public Transparency Policy.

1.2 Our purpose

Our Vision

Building a Better Buloke - A healthy, connected, inclusive and prosperous community.

Our Values

Council addresses its key values through:

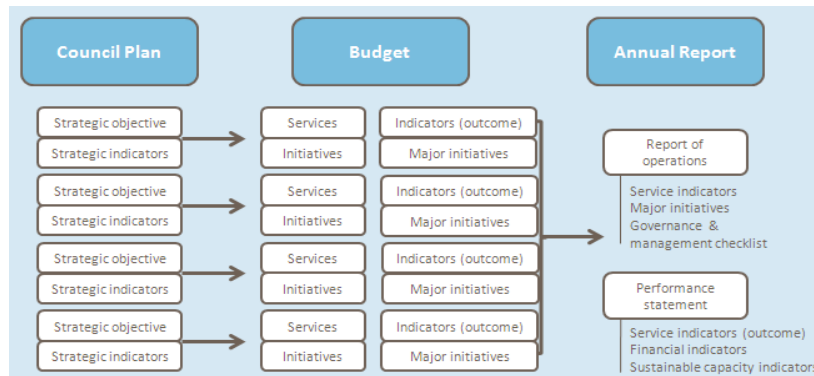

- Good communication
- Transparency in decision making
- Accountability for actions
- Working collaboratively with partners
- Taking responsibility
- Being responsive and timely

2. Services, initiatives and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2023/24 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Service performance outcome indicators forecasts are based on trend analysis of prior years with consideration given to external factors that may influence future achievements. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

2.1 Our Built and Natural Environment

To achieve our objective of responding to and enhancing our built and natural environment, we will continue to plan, deliver and improve high quality, cost effective, accessible and responsive services. The services, initiatives, major initiatives and service performance indicators for each business area are described below.

Services

Service area	Description of services provided	2022/23 Actual \$'000	2023/24 Forecast \$'000	2024/25 Budget \$'000
Property Maintenance	<i>Inc</i>	89	43	48
	<i>Exp</i>	1,025	896	1,018
	Surplus / (deficit)	(936)	(853)	(970)
This service is to provide property maintenance services to a range of Councils building-based assets, focusing on the upkeep and renewal of buildings. This area maintains in excess of 250 buildings across the Shire and aims to keep them maintained in a fit for purpose state.				
Road Services	<i>Inc</i>	14,285	1,863	3,460
	<i>Exp</i>	9,334	5,995	5,223
	Surplus / (deficit)	4,951	(4,132)	(1,763)
This service provides road maintenance for the 1100km of Sealed, 650km of Gravel and 3,800km of Earth roads across the Shire. Income in this area relates to Local Roads Funding received from the Victoria Grants Commission. Income in 2022/23 was impacted by flood grants (\$8.3 million) received and brought to account and the 2023/24 Commonwealth Local Roads Grant of \$3.1 million that was paid in advance. Subsequent years reflect the decrease in those grant payments and timing of the Local Road Grant. A reduction in expenditure followed accordingly.				
Swimming Pools	<i>Inc</i>	20	-	-
	<i>Exp</i>	608	834	793
	Surplus / (deficit)	(588)	(834)	(793)
Manage and operate seven seasonal swimming pools, from mid-November to mid-March, annually.				
Assets and Project Management	<i>Inc</i>	270	14	56
	<i>Exp</i>	2,317	2,779	3,601
	Surplus / (deficit)	(2,047)	(2,765)	(3,545)
This service area provides for the management, design and administration of Council's assets and infrastructure services, including planning and management of the capital works program. This service also provides for recreational facilities (including our lakes) and support to community run recreation reserves in ten townships across the Shire, as well as governance support to community recreation clubs and committees. Forecast costs in 2023/24 were less than anticipated due to multiple staff vacancies that have now been filled. The budget for 2024/25 includes cost for the revaluation of Council infrastructure assets and an increase of 25% on insurance costs.				

Major Initiatives

- 1) Continue rehabilitation of flood damaged assets as a result of the October 2022 flood event.
- 2) Completion of key infrastructure projects including a secondary levee at Donald and Safer Local Roads works.

2.1 Our Built and Natural Environment (Cont.)

	<i>Exp</i>	1,697	1,617	2,000
	Surplus / (deficit)	(1,660)	(1,590)	(2,000)
	This service area manages and coordinates Council's Parks and Gardens and Urban Infrastructure providing routine, preventative and on-going maintenance and improvements. Employments cost are anticipated to increase by \$250k in 2024/25 as vacancies have been filled and additional allowance made for tree replacement and maintenance.

2.2 Our Community Wellbeing

To achieve our objective of building a healthy and active community, we will continue to plan, deliver and improve high quality, cost effective, accessible and responsive services. The services, initiatives, major initiatives and service performance indicators for each business area are described below.

Services

Service area	Description of services provided	2022/23 Actual \$'000	2023/24 Forecast \$'000	2024/25 Budget \$'000
Library Services	<i>Inc</i>	144	131	119
	<i>Exp</i>	176	258	347
	Surplus / (deficit)	(32)	(127)	(228)

This service area provides library services to all ten townships within the Buloke Shire. Council delivers the service internally resulting in increased opening hours and a range of value-added programs such as toddler reading programs. Budget in 2024/25 includes costs for a libraries review.

Public Health and Wellbeing	<i>Inc</i>	67	67	44
	<i>Exp</i>	213	293	155
	Surplus / (deficit)	(146)	(226)	(111)

This service area promotes the health and wellbeing of the Shire's local communities through a range of Public Health Programs including immunisations, food surveillance and registration of food premises, accommodation standards and waste water management. Budget in 2024/25 anticipates a reduction in costs as Environmental Health Officer is contracted.

Future of Independence Support	<i>Inc</i>	1,030	401	-
	<i>Exp</i>	1,115	773	-
	Surplus / (deficit)	(85)	(372)	0

Council has previously provided a range of maintenance and support services to assist frail older people and younger people with a disability to live independently at home. Council has fully transitioned out of independent support services as at 1 January 2024.

Early Years	<i>Inc</i>	553	490	475
	<i>Exp</i>	588	736	808
	Surplus / (deficit)	(35)	(246)	(333)

This service area delivers both universal and enhanced maternal and child health programs. It advocates for the wellbeing of children and their families through planning and agency engagement.

Community Support	<i>Inc</i>	148	74	14
	<i>Exp</i>	686	743	1,217
	Surplus / (deficit)	(538)	(669)	(1,203)

This service area encompasses the full spectrum of community development. It develops links between and within the communities in the Shire, working with local community groups to access community projects recognised as community priorities. It provides support and co-ordination to a range of sectors and strengthens partnerships to work toward better outcomes for young people. Following Council's withdrawal from independent support services, additional resources have been budgeted for community support projects including a positive ageing strategy. Community development costs have also been consolidated in 2024/25 rather than being apportioned across program areas.

Major Initiatives

- 1) Work with communities to prepare community plans to continue driving community connectedness and outcomes.

Other Initiatives

- 2) Develop and adopt Buloke Shire Council Positive Ageing Strategy.
- 3) Develop and implement a Reconciliation Action Plan.
- 4) Undertake a Library Services Review, including public consultation with the broader community.

Council is proposing 125 FTE in the 2024/25 financial year. This total is made up of:

- 119 FTE - establishment staff. This is the minimum required to operate Council services.
- 2 FTE - grant funded positions.
- 3 FTE - capitalised labour.
- 1 FTE - long term leave replacement.

A summary of human resources expenditure categorised according to the organisational structure of Council is included below:

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the *Local Government Act 2020*, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2024/25 the FGRS cap has been set at 2.75%. The cap applies to both general rates and municipal charges and is calculated on the basis of Council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 2.75% in line with the rate cap. The waste management charge will not increase in the 2024/25 budget.

This will raise total rates and charges for 2024/25 to \$13,896,000.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2023/24 Forecast Actual	2024/25 Budget	Change	%
	\$'000	\$'000	\$'000	
General rates*	12,516	12,871	355	2.84%
Municipal charge*	784	807	23	2.93%
Waste management charge	1,478	1,478	-	0.00%
Interest on rates and charges	67	80	13	19.40%
Revenue in lieu of rates	134	138	4	2.99%
Total rates and charges	14,979	15,374	395	2.64%

*These items are subject to the rate cap established under the FGRS. The increase in average rates is 2.75 per cent, please refer to 4.1.1(i) for a reconciliation of compliance with the rate cap calculations as per the Essential Services Commission. The remainder of the growth is predominantly due to supplementary assessments and other growth in the number of overall assessments.

4.1.1(b) The rate in the dollar to be levied as general rates under section 158 of the Act for each type or class of land compared with the previous financial year

Type or class of land	2023/24 cents/\$CIV*	2024/25 cents/\$CIV*	Change

Budgeted Total Rates and Municipal Charges Revenue	\$ 13,317,983	\$ 13,678,265

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- ☐ The making of supplementary valuations
- The variation of returned levels of value (e.g. valuation appeals).
- Changes of use of land such that rateable land becomes non-rateable land and vice versa.
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates

Rates to be levied:

The rate and amount of rates payable in relation to land in each category of differential are:

- ☐ A general rate of 0.0050047900% (0.50047900 cents in the dollar of CIV) for all rateable residential properties; and
- ☐ A general rate of 0.0057869380% (0.57869380 cents in the dollar of CIV) for all rateable commercial and industrial properties.
- ☐ A general rate of 0.0021281468% (0.21281468 cents in the dollar of CIV) for all rateable farming properties.

Each differential rate will be determined by multiplying the Capital Improved Value (CIV) of each rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council considers that each differential rate will contribute to the equitable and efficient carrying out of Council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

Commercial and Industrial land:

Commercial and Industrial land is any land, which is:

- Occupied for the principal purpose of carrying out the manufacture or production of, or trade in, goods or services; or
- Unoccupied but zoned commercial or industrial under the Buloke Shire Council Planning Scheme.

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets;
- Development and provision of health and community services; and
- Provision of general support services.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

The money raised by the differential rate will be applied to the items of expenditure described in the Budget by Council. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

The geographic location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

The use of the land within this differential rate, in the case of improved land, is any use of land.

The differential rate for this type or class of land is 115.6% of the general/residential rate.

The characteristics of planning scheme zoning are applicable to the determination of vacant land which will be subject to the rate applicable to commercial and industrial land. The vacant land affected by this rate is that which is zoned commercial and/or industrial under the Buloke Shire Council Planning Scheme. The classification of land which is improved will be determined by the occupation of that land and have reference to the planning scheme zoning.

The types of buildings on the land within this differential rate are all buildings which are now constructed on the land or which are constructed prior to the expiry of the 2024/25 financial year.

Residential land:

Residential land is any land which is:

- Occupied for the principal purpose of physically accommodating persons; or
- Unoccupied but zoned residential under the Buloke Shire Planning Scheme and which is not commercial land.

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets;
- Development and provision of health and community services; and
- Provision of general support services.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

The money raised by the differential rate will be applied to the items of expenditure described in the Budget by Council. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

The geographic location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

The use of the land within this differential rate, in the case of improved land, is any use of land.

The differential rate for this type or class of land is 100% of the general/residential rate.

The characteristics of planning scheme zoning are applicable to the determination of vacant land which will be subject to the rate applicable to residential land. The vacant land affected by this rate is that which is zoned residential under the Buloke Shire Council Planning Scheme. The classification of land which is improved will be determined by the occupation of that land and have reference to the planning scheme zoning.

The types of buildings on the land within this differential rate are all buildings which are now constructed on the land or which are constructed prior to the expiry of the 2024/25 financial year.

Farm Land:

Farm land is any rateable land:

- That is not less than 2 hectares in area;
- That is used primarily for grazing (including agistment), dairying, pig-farming, poultry farming, fish farming, tree farming, bee keeping, viticulture, horticulture, fruit growing or the growing of crops of any kind or any combination of those activities; and that is used by a business;
- That has significant and substantial commercial purpose or character;
- That seeks to make a profit on a continuous or repetitive basis from its activities on the land;

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets;
- Development and provision of health and community services;
- Provision of general support services;
- To maintain agriculture as a major industry in the municipal district; and,
- To ensure that the concessional rate in the dollar declared for defined Farm Land properties is fair and equitable, having regard to the cost of provision of Council services, and the level of benefits derived from expenditures made by Council on behalf of the farm sector.

The money raised by the differential rate will be applied to the items of expenditure described in the Budget by Council. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

The geographic location of the land within this differential rate is where it is located within the municipal district, without reference to ward boundaries.

The use of the land within this differential rate, in the case of improved land, is any use of land.

The differential rate for this type or class of land is 42.5% of the general/residential rate.

4.1.2 Statutory fees and fines

	Forecast Actual	Budget	Change	
	2023/24 \$'000	2024/25 \$'000	\$'000	%
Town planning fees	55	45	(10)	-18.18%

Building	33	30	(3)	-9.09%
Total statutory fees and fines	209	139	(70)	-33.49%

Statutory fees relate mainly to fees and fines levied in accordance with legislation and include town planning, compliance and building fees. Increases in statutory fees are made in accordance with legislative requirements. Statutory fees are projected to remain steady compared to 2022/2023 forecast. A detailed listing of statutory fees and fines is included in Appendix A – Fees and Charges Schedule.

4.1.3 User fees

	Forecast Actual	Budget	Change	
	2023/24 \$'000	2024/25 \$'000	\$'000	%

Saleyards Truck Wash	69	50	(19)	-27.54%
Total user fees	639	463	(176)	-27.54%

User fees, charges and fines relate to the recovery of costs to deliver services through the charging of fees to users of Council's services. These includes the use of waste management services, community facilities, and the provision of human services such as childcare and home and community care services. A detailed listing of user fees, charges and fines is included in Appendix A - Fees and Charges Schedule.

4.1.4 Grants

Grants are required by the Act and the Regulations to be disclosed in Council's budget.

Total capital grants	7,799	8,357	558	7%
Total Grants	15,078	17,684	2,606	17%

(a) Operating grants include all monies received from State and Federal sources for the purposes of funding the delivery of Council's services. Overall, the level of operational grants is expected to increase by 27% or \$1.99M compared to 2023/24. The main changes relate to the timing of the Financial Assistance Grant which for 2023/24 was paid in advance in the previous financial year. Council expects to see non-recurrent grant income increase throughout the financial year as grants applications are successful.

(b) Capital grants include all monies received from State and Federal sources for the purposes of funding the capital works program. Overall, the level of capital grants is expected to increase by 14% or \$1.09M compared to 2023/24. This relates mainly to the extension of Local Roads and Community Infrastructure construction periods as a result of the October 2022 flood event. Of the \$7.3M non-recurrent grants, \$2.5M is unconfirmed funding. The changes between asset categories relates to a prioritised program of works and what funding streams are currently or will be available throughout the financial year.

4.1.5 Contributions

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change	
			\$'000	%
Monetary	551	695	144	26.13%
Total contributions	551	695	144	26.13%

Monetary contributions represent funds received from insurance claims or community groups to contribute toward specific projects.

4.1.6 Other income

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change	
			\$'000	%
Interest	1,597	850	(747)	-46.78%
Reimbursements and Other Income	286	275	(11)	-3.85%
Total other income	1,883	1,125	(758)	-40.25%

Other income is expected to increase year on year. Interest revenue is budgeted to increase which is consistent with commercial investment rates for deposits.

4.1.7 Employee costs

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change	
			\$'000	%
Wages and salaries	10,058	11,733	1,675	16.65%
WorkCover	270	295	25	9.26%
Superannuation	1,080	1,149	69	6.39%
Fringe Benefits Tax	80	85	5	6.25%
Total employee costs	11,488	13,262	1,774	15.44%

Employee costs include all labour-related expenditure such as wages, allowances and salaries and on-costs such as leave entitlements, WorkCover and employer superannuation.

The change between financial years relates to the following:

- Pay increases in line with Council's Enterprise Agreement (EA) from 1 July 2023.
- New budget initiatives (often offset by funding arrangements) to ensure Council is achieving outcomes set out in the annual plan.
- Compulsory Superannuation Guarantee rate increases from 11 per cent to 11.5 per cent effective 1 July 2024.
- Band movements and reclassification of employees as prescribed by the EA awards.

A summary of human resources expenditure categorised according to the organisational structure of Council can be found in the Statement of Human Resources in section 3.

4.1.8 Materials and services

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change	
			\$'000	%
Materials, services and contracts	8,247	7,889	(358)	-4.34%
Utilities	475	495	20	4.21%
Plant costs	1,795	1,525	(270)	-15.04%
Total materials and services	10,517	9,909	(608)	-5.78%

Materials and services include the purchases of consumables and payments to contractors for the provision of services and utilities. Materials and services are budgeted to decrease by 6.2 per cent compared to the 2023/24 forecast. Expenditure relating to the October 2022 flood event makes up the majority of the 2023/24 forecast, which is mainly offset by associated funding.

There are however expected increases due to CPI factors on contracts, as well as growth in use of Council facilities and services. Council will continue to review operating costs to identify and implement efficiencies across services.

4.1.9 Depreciation

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change	
			\$'000	%
Property	2,172	2,188	16	0.74%
Plant & equipment	873	727	(146)	-16.72%
Infrastructure	6,046	5,937	(109)	-1.80%
Total depreciation	9,091	8,852	(239)	-2.63%

Depreciation is an accounting measure and is a non-cash item which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment and infrastructure assets such as roads and drainage. Amortisation is the allocation of an intangible asset over its useful life. Budgeted depreciation for the 2024/25 financial year is expected to decrease due to a reduction in plant and equipment values.

4.1.10 Depreciation - Right of use assets

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000	Change

Internal Audit	19	31	12	63.16%
Total other expenses	849	870	21	2.47%

Other expenses relate to a range of unclassified items including contributions to the community, councillor allowances, audit fees and other miscellaneous expenditure items.

4.2 Balance Sheet

4.2.1 Assets

Current assets \$29.6M and non-current assets \$316.1M

Key points relating to Council's balance sheet liability disclosures:

- Cash and cash equivalents include cash and investments such as cash held in the bank and investments held in deposits or other highly liquid investments with short term maturities of three months or less. Council is budgeting a cash and investment position at 30 June 2025 of \$25.9M. Council is not anticipating any restricted funds at 30 June 2025 however some funds have been allocated for specific future purposes by Council. These are disclosed in Council's annual financial report.

- Trade and other receivables are monies owed to Council by ratepayers and other debtors.

- Other assets include items such as prepayments for expenses that Council has paid in advance of service delivery, inventories or stocks held for sale or consumption in Council services, and other revenues due to be received in the next 12 months. These are not expected to change significantly in 2024/25.

- Property, infrastructure, plant and equipment make up the largest component of Councils assets and represents the value of all the land,

4.2.2 Liabilities

Current liabilities \$7.36M and non-current liabilities \$1.29M

Key points relating to Council's balance sheet liability disclosures:

- Trade and other payables are those to whom Council owes money as at June 30.

- Provisions include accrued long service leave, annual leave days off owing to employees. An increase for Enterprise Agreement outcomes has been factored into these employee entitlements. Provisions also include a provision for landfill rehabilitation. Overall provision balances are expected to remain steady.

- Council is not forecasting borrowings.

4.2.3 Leases by category

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast Actual 2023/24 \$	Budget 2024/25 \$
Right-of-use assets		
Vehicles	976	1,000
Total right-of-use assets	976	1,000
Lease liabilities		
Current lease Liabilities		
Vehicles	288	367
Total current lease liabilities	288	367
Non-current lease liabilities		
Vehicles	701	700
Total non-current lease liabilities	701	700
Total lease liabilities	989	1,067

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities. The current incremental borrowing rate is 6.48%.

4.3 Statement of changes in Equity

4.3.1 Equity

Equity \$337.1M, including reserves \$205.3M

Total equity always equals net assets and is made up of the following components:

- Asset revaluation reserve represents the difference between the previously recorded value of assets and their current valuations.
- Accumulated surplus is the value of all net assets less reserves that have accumulated over time.
- Other reserves that are funds that Council wishes to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability. These amounts are transferred from the accumulated surplus of Council and are to be separately disclosed.

4.4 Statement of Cash Flows

This section analyses the expected cash flows from the operating, investing and financing activities of Council for the 2024/2025 year. Budgeting cash flows for Council is a key factor in setting the level of fees and charges. This provides a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

4.4.1 Net cash flows provided by/used in operating activities

Operating activities (\$11.46M inflow)

Operating activities refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works. The net cash flows from operating activities does not equal the surplus (deficit) for the year as the expected revenues and expenses of the Council include non-cash items, which have been excluded from the Cash Flow Statement.

4.4.2 Net cash flows provided by/used in investing activities

Investing Activities (\$19.7M outflow)

Investing activities refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment. The cash outflow from investing activities is tied to the expenditure in the capital program.

4.4.3 Net cash flows provided by/used in financing activities

Financing activities (\$0.4M outflow)

Financing activities refers to cash generated or used in the financing of Council's functions. Due to a change in accounting standards, financing activities also includes lease payments and associated interest.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2024/25 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year. A carry forward refers to an allocation of funds that has not been used and/or received by the end of the financial year; however, these funds will be used and/or received in the following financial year. Carry forwards are often needed for projects that are delivered across multiple financial years.

Council will be undertaking \$19.709M worth of Capital Works projects during the 2024/25 financial year, with \$12.142M of newly committed projects. \$7.567M of the total expenditure relates to project funds that are expected to be carried forward from the 2023/24 financial year.

Of the capital works budget, 69 per cent has been allocated to renewing and upgrading Council's existing assets. The remainder of the program is for delivery of new and expanded assets within the municipality.
