

## MEDIA RELEASE

### Transition for Donald Caravan Park

The Donald Caravan Park is set to undergo an exciting period of transition. The current fifteen year lease comes to an end on 31 December 2015. Buloke Shire Council called for Expressions of Interest (EOI) for a new lease back in October to develop and operate the park. Council is currently in negotiations with those parties who submitted an EOI and this process will continue into 2016 to ensure the optimum outcome for the park and its users.

Whilst these negotiations are undertaken Council will employ a caretaker and directly manage the park.

Council will take this opportunity to invest \$80,000 over the next twelve months upgrading the Caravan Park. New entrance gates will be erected which will not only enhance the parks appearance but reinstate the "Foletti" name. A new barbeque area shelter is to be constructed and the amenities block will be upgraded.

Buloke Shire Council will continue to keep the public updated throughout this period of transition.
