Berriwillock Bowling Green Gets a Makeover

Question: What does the Berriwillock Bowling Club do when the surface under the bowling green needs repairs ahead of the 2023/23 summer season?

Answer: Community action.

An urgent call went out to the local bowling community and to Council works staff.

On the extremely wet morning in early October over 25 locals and Council staff showed up to roll up the first half of the green, getting absolutely drenched in the process!

Volunteers and Council staff were asked to turn up again the following morning to help roll up the other half of the green. Further volunteers and Council staff arrived to ensure the roll-up went off without a hitch.

This was a great opportunity for volunteers and Council staff to work alongside each other to benefit the Berriwillock bowling community. The Bowls Club is delighted to have their bowling green repaired and ready for the upcoming bowling season.

Good luck to all our fantastic Buloke bowling clubs for the upcoming season.
